www.carlinsstory.com/shop

Free t-shirt for all registrants

June 24, 2018

2:30pm

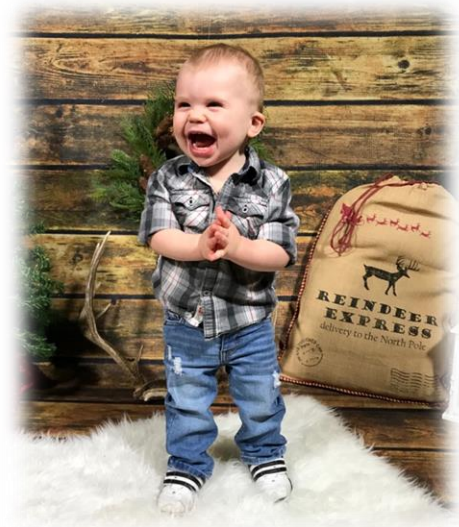

All money raised will be donated to
Teddy Bears Anonymous.

www.teddybearsanonymous.ca

Children welcome! Come early for some balloon
animal fun! Various prizes available.

**Donations and Sponsorships for the event
are graciously accepted.**

Tax receipts will be available for donations over
\$20.00

- CAH affects about 1 in 18,000 newborn babies per year
- Those with CAH, do not produce cortisol and aldosterone
- Cortisol is the stress hormone that helps our bodies deal with illness and injury
- Treatment involves providing oral steroids throughout the day
- When sick or injured, extra steroids are given to prevent an adrenal crisis
- An adrenal crisis is a life threatening medical emergency
